

Viva Bed 2024

by Oleksandr Babenko

Description

The 11th item in the collection from Alexander Babenko is a comfortable chic bed.

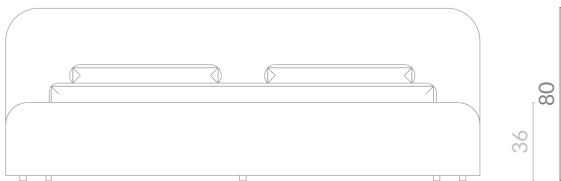

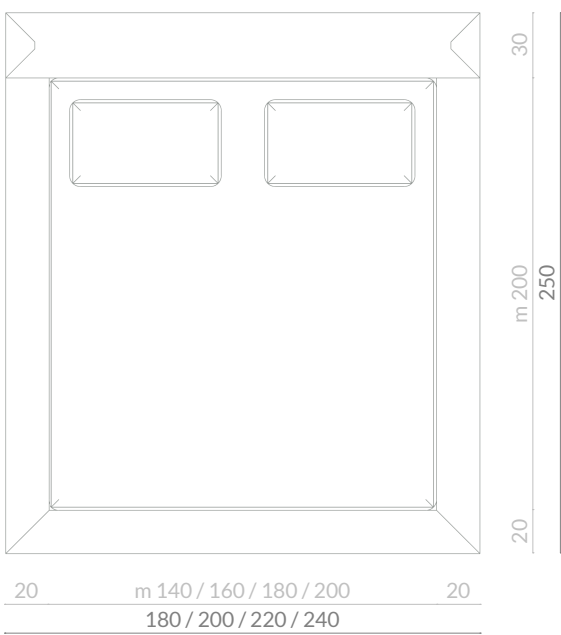

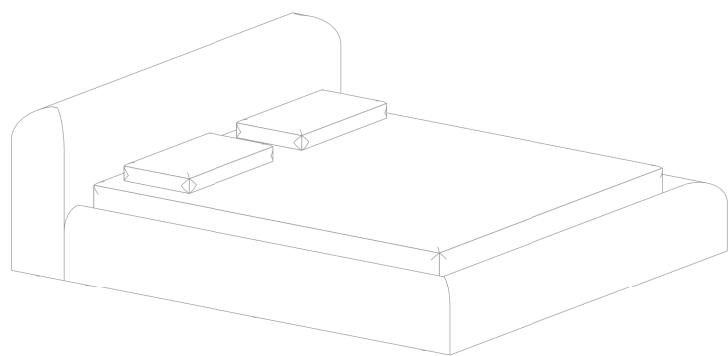

While working on the design of the Viva bed, Oleksandr drew inspiration from nature, where softness and smoothness of lines are found everywhere, from the contours of hills to the curves of rivers. Viva represents a combination of modern design and unparalleled comfort. Its feature is the soft, smooth corners and rounded bed frame, which connect to the footboard at a 45-degree angle. This gives Viva a unique and stylish look.

Depending on preferences and interior style, high-quality European fabrics are available to choose from.

This bed is not only visually appealing but also provides a sense of safety and coziness, embracing its owner.

Chiaro Bed v1 2024

by Oleksandr Babenko

Description

The Chiaro bed is a 13th design masterpiece inspired by Alexander Babenko. Oleksandr Babenko aimed to create a piece of furniture that embodies both contrast and harmony simultaneously.

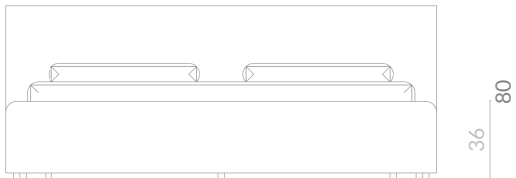

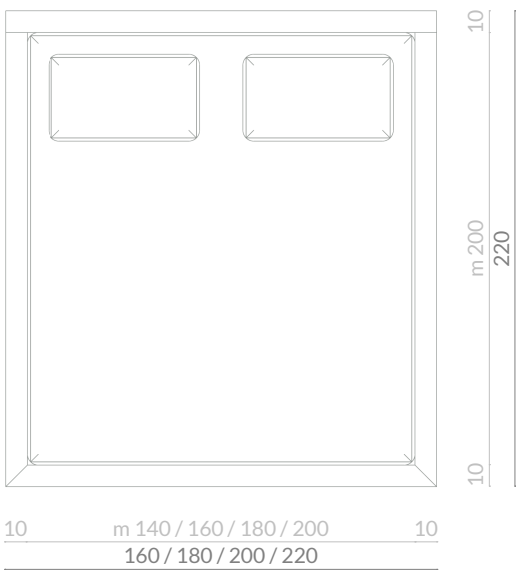

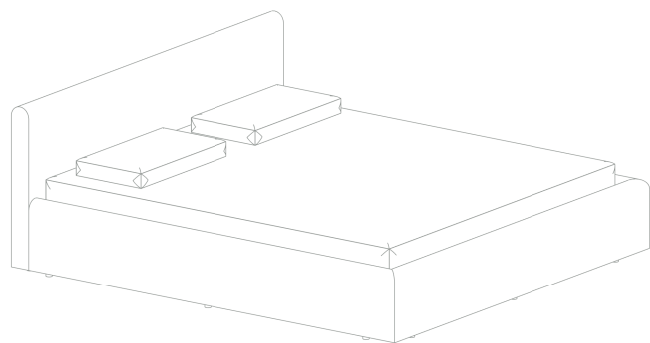

The Chiaro bed represents the embodiment of harmony and style. Its unique design combines rounded elements with clear and strict outlines, creating a visually appealing and balanced look. The soft lines of the headboard and footboard seamlessly transition into sharp edges, giving the bed a modern and sophisticated appearance.

The bed's upholstery is made from high-quality European fabrics, which can be selected according to your preference.

Every detail of the bed has been carefully thought out to ensure maximum comfort and aesthetic pleasure.

Important Information

Please note that:

1. We can produce our products in custom sizes. Contact us for a consultation.
2. Surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin. We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.
3. Size discrepancies of soft furniture can reach up to 1-2 cm due to the natural properties of the filler and fabric.
