

# Ispolin Table 2023

by Oleksandr Babenko

## Description

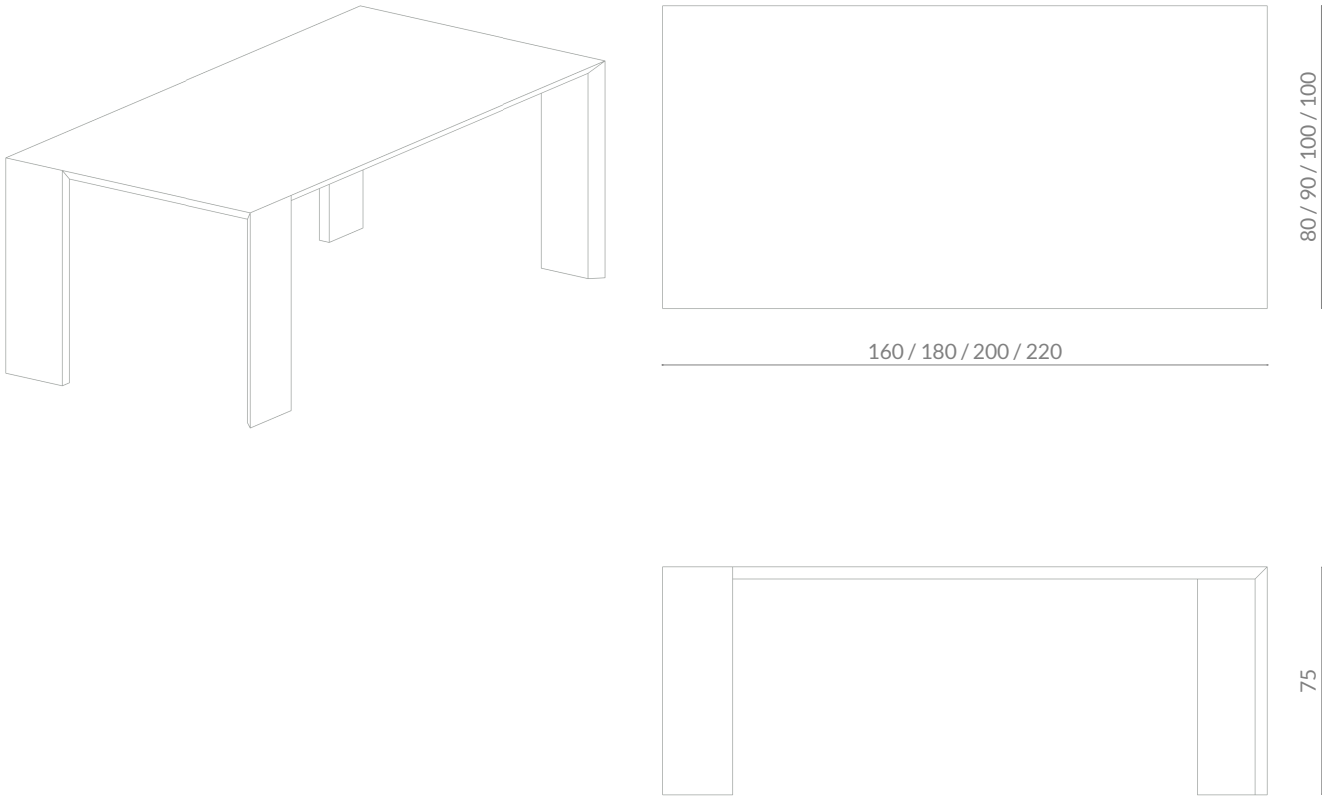

The Ispolin dining table is the 2nd model in the collection. It's a masterpiece of art created by designer Oleksandr Babenko.

This table is an exceptional combination of elegance and unique design seamlessly merging into one refined form. The wood material imbues the Ispolin table with a natural warmth. Straight angles, lines and 45-degree corners create its modern and distinctive appearance adding a touch of boldness and style to its essence.

The Ispolin table is not only a dining table but also a work of art. It invites you to immerse yourself in a world of clean lines, daring solutions and elegance.

## Important Information

We can produce our products in custom sizes. Contact us for a consultation.

Please note that surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin.

We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.
