by Oleksandr Babenko

## Description

Coffee table Luminoso is a symbol of elegance and understated luxury representing the 10th design in the collection by Oleksandr Babenko. The story behind the creation of Luminoso is the designer's desire to emphasize the beauty and elegance of minimalistic forms. The result of this process is the Luminoso table which perfectly complements modern interiors adding refinement and character.

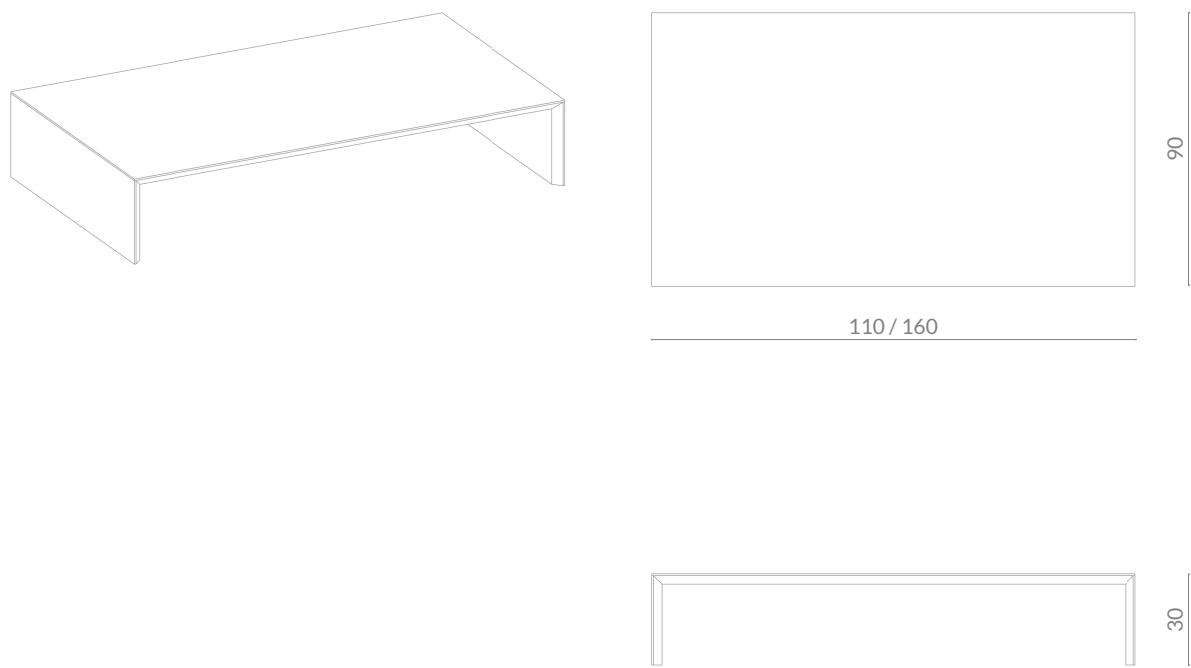

The focus is on restrained forms and high-quality materials. The tabletop and sides can be crafted from stone or glass offering a choice that harmonizes perfectly with your interior style. The table's body can be veneered or enameled depending on your preference. Simplicity and strictness of forms, along with the characteristic 45-degree angles, define this table.

Luminoso table serves not only as a practical surface but also as a stylish accent enhancing the unique atmosphere of your interior.

## Important Information

We can produce our products in custom sizes. Contact us for a consultation.

Please note that surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin. We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.
