Please note that:

1. We can produce our products in custom sizes. Contact us for a consultation.

2. Surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin. We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.

3. Size discrepancies of soft furniture can reach up to 1-2 cm due to the natural properties of the filler and fabric.
