

Fusionis Bedside Table 2023

by Oleksandr Babenko

Description

Bedside table Fusionis embodies functionality and elegance in design marked as number 19 in Oleksandr Babenko's collection.

The story behind Fusionis creation started with aspiration to craft a functional and stylish piece of furniture for the bedroom. Designers goal was to combine storage convenience with aesthetic appeal leading to the creation of this bedside table.

The Fusionis bedside table features simple yet refined lines that accentuate its stylish character. Two drawers provide a convenient space for storing and organizing items that are always within reach. You can choose the material based on your preference – veneer or enamel. The table is a perfect fit for contemporary bedrooms.

This piece of furniture is designed to seamlessly blend practicality with exquisite aesthetics.

Important Information

We can produce our products in custom sizes. Contact us for a consultation.

Please note that surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin. We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.

Notes

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
