

Vero Armchair 2025

by Oleksandr Babenko

Description

Model 33 is Vero armchair. This armchair is pure form, a powerful statement piece.

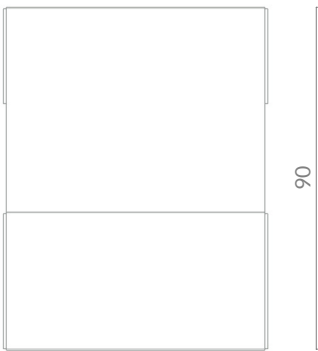

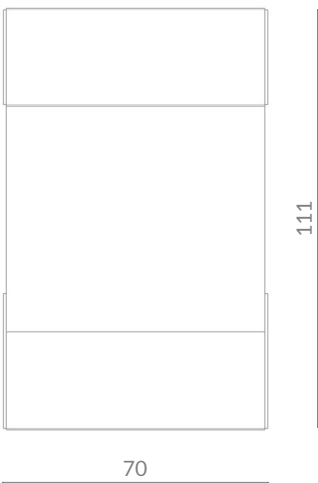

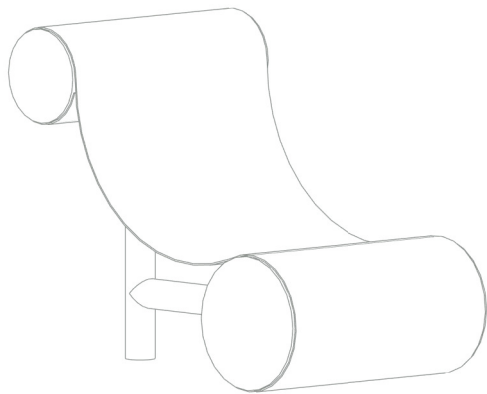

The designer was inspired by the idea of creating a shape that would be simple, bold, and emotionally charged at the same time. The result is a masterpiece — a design manifesto by Oleksandr Babenko.

Vero embodies a play of contrasts: massive metal and wood cylinders support a stretched surface of natural leather, creating an impression of weightlessness. The construction is minimalist, yet its image is bold and unforgettable.

The Vero armchair becomes a focal point in the interior, generating an atmosphere of daring design and intellectual rebellion, turning the space into a stage for artistic experimentation.

Please note that:

1. We can produce our products in custom sizes. Contact us for a consultation.

2. Surfaces made of natural veneer/wood may vary slightly in texture and shade even when using the same finish. This is due to the uniqueness of each piece of wood, batch, and the region of its origin. We recommend purchasing items with the same veneer/wood finish as part of a single order for maximum consistency in the chosen finish.

3. Size discrepancies of soft furniture can reach up to 1-2 cm due to the natural properties of the filler and fabric.
